## **SleepWorks and MedBridge Home Medical Acquire IntegraSleep and the CPAP division of Active Healthcare**

**Merger brings together two premier sleep services companies**

SleepWorks and MedBridge Home Medical announced today that they recently completed the acquisition of IntegraSleep and the CPAP division of Active Healthcare, together operating as the Sound Sleep Institute, an integrated, nationally-recognized program providing diagnostic sleep testing, CPAP equipment, and CPAP supplies for patients with sleep disorders. This transaction brings together four well-respected companies operating in and around Raleigh, NC.

Robert Miller, Vice President of Operations for SleepWorks announced, "Both SleepWorks and IntegraSleep place great emphasis on a patient-centric approach to sleep medicine. Their focus, like ours, is to provide the best possible care for patients with sleep apnea and other sleep disorders, including the timely provision of CPAP equipment and replacement supplies. Together, we will continue to provide innovative solutions and proactive care for people in the greater Raleigh market."

Lisa Feierstein, RN, BSN, MBA, President of Active Healthcare shared, "We are thrilled that our award-winning diagnostic sleep and CPAP supply program is going to a great home that values the tremendous goodwill we have built up in our community. Our transferring team members are dedicated to ensuring a smooth transition of service and support".

### **About SleepWorks**

SleepWorks, a subsidiary of MedBridge Healthcare, is a market-leading provider of sleep laboratory management services performing more than 60,000 sleep studies annually across 21 states. SleepWorks partners with hospitals and physician practices to provide innovative solutions to serve the sleep testing needs of their patients. SleepWorks' comprehensive, integrated, management solution delivers a technology-driven approach to patient care that focuses upon improving costs, outcomes and the quality of life for its patients.
